QuickBITE™

(800) 766-0076 • www.smithcooper.com

Los Angeles, CA • Atlanta, GA • Vancouver, WA • Chicago, IL

* Available upon request
** Sold in packs of 10

Simple as 1-2-3

No special tools required. No gluing, crimping or soldering required.

QUICKBITE™ valves and fittings are the simplest connectors to use.

- 1 - Clean the tube
- 2 - Press on the QUICKBITE™ fitting or valve
- 3 - DONE! No leak seal

QUICKBITE™ Quick Facts:

- Fittings certified to 200 PSI and 180° F
- Works with PEX, CPVC and copper tubing
- PEX stiffener pre-installed - Easy to remove for PVC or Copper installations
- Lead-free brass
- Full flow
- Fittings & valves are removable and reusable
- Easy-to-follow instructions are available at www.smithcooper.com/QR1 or by scanning the QR code on the back of every bag

Logistical Solutions

ProPak™ “Master” Case

- Color coded master case
- Label includes:
 - Description, Size,
 - Quantity, Photo of item,
 - UPC Bar code

ProPak™ “Contractor” Inner Box

With the contractor in mind, each case has 2 or 4 inner boxes with convenient quantities:

- 1/2" - 10 pcs per inner
- 3/4" - 10 pcs per inner
- 1" - 5 pcs per inner

Pre-Installed PEX
Tube Stiffeners (removable)

Stainless Steel Grip Ring

EPDM O-Ring

Certified cUPC, ASSE 1061
ANSI/NSF 61/372/14
Lead Free

ProPak™ Inner Bag

Valves and fittings are:

- Individually bagged
- UPC bar coded on every bag
- Color coded by size

Red = 1/2"

Blue = 3/4"

Yellow = 1"

- Simple instructions on the back of every bag
- Illustrated instructions are accessible by scanning QR code
- Every bag includes the quick disconnect tool
