# Quality Sanitary Fittings Tubing, Valves & More

## CUSTOM FABRICATION

AVAILABLE NOW

From Concept to Completion

- 01 Design & Engineering**  
Using the latest 3-D CAD/CAM software to turn your designs into quality products. Rapid response quoting typically provides customer approval drawings within the same day of receiving a request for quote.
- 02 Fabricating**  
AWS D18.1 certified welders can fabricate tubular assemblies from 1/2" up to 12" O.D. Orbital welding equipment is available for high-purity welds that require no additional finishing. We can also furnish weld maps and logs where required
- 03 Finishing**  
Expert polishers routinely provide documented finishes as low as 15 Ra with electropolishing and passivation also available.
